Good morning --

You can search for current clinical trials on NIH's web site. Please see the link below. On the left hand side you can see the search box that says "Search for Studies". Please enter your mother's condition in the box and see what comes up.

I hope this information is helpful. Please contact us again at [gcp.questions@fda.hhs.gov](mailto:gcp.questions@fda.hhs.gov) should you have additional information.

Kind regards,

Doreen M. Kezer, MSN

Senior Health Policy Analyst

Office of Good Clinical Practice

Office of the Commissioner, FDA

Whom it may concern:

My mother who has been suffering undiagnosed illness. Doctor from UCLA made a preliminary presumption the type of illness similar to SMA (Spinal Muscular Atrophy).

Therefore, my mother is willing to offer herself for future study or getting trial for stem cell research or medication.

I don't know if this is the right department to write to. If not, please advise where we suppose to send the email to.

Thanks,
