---

Good morning –

It is not an FDA requirement to have the ICD in the subject's medical record.

Kind regards,

Doreen M. Kezer, MSN  
Senior Health Policy Analyst  
Office of Good Clinical Practice  
Office of the Commissioner, FDA

This communication does not constitute a written advisory opinion under 21 CFR 10.85, but rather is an informal communication under 21 CFR 10.85(k) which represents the best judgment of the employee providing it. Happy Friday

I am looking for a regulation or a guidance as to whether or not it is mandatory from the FDA's perspective to place a copy of the signed ICF in the subject's medical chart or not.

Please advise.
