Good morning –

FDA does have on line GCP training but does not provide training certificates of completion.

Kind regards,

Doreen M. Kezer, MSN
Senior Health Policy Analyst
Office of Good Clinical Practice
Office of the Commissioner, FDA

Does the FDA provide an online training for GCP that has an accompanying certificate of completion that can be used as documentation of completion of training?

The links I have been able to find via the FDA website only appear to have content and no link to a "program" that would provide a certificate of completion.
